

Yakub Shakirudeen Olaide

Software Developer · Web & Mobile · React, Next.js, React Native, Node.js

Nigeria · +234 902 537 6468 · yakubshakirudeenolaide2018@gmail.com
linkedin.com/in/yakub-shakirudeen-olaide · github.com/FarmerInTech

Highly motivated Software Developer with a strong foundation in frontend, backend and mobile development, combined with an academic background in Agricultural Economics. Passionate about using technology to solve real-world problems and improve digital experiences.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Bootstrap, responsive design
Mobile	React Native, Expo
Backend	Node.js, Express.js, REST APIs
Databases	PostgreSQL, MongoDB
Tools	Git, GitHub

EXPERIENCE

Web and Mobile App Developer

Aug 2026 – Present

RafiHQ · Remote

- Lead web and mobile development across the platform.
- Built the mobile app, taking it from requirements through to release.
- Optimised the web app for performance and everyday use by cooperative officers and members.

CTO / Software Developer

Apr 2026 – Present

DutyCalc

- Lead frontend and mobile development with React Native / Expo and TypeScript.
- Coordinate technical implementation across the development team and translate requirements into working product.
- Built the product clearing agents and importers use to price jobs accurately: customs duty calculation, manifest verification and clearance documentation in one place.

Software Developer (Contract)

Mar 2025 – Aug 2025

Citadel-i

- Designed and developed citadel-i.com.ng with course access, learning materials and progress tracking.
- Built responsive student dashboards and an admin dashboard for managing users, courses and content.
- Developed and maintained a centralized REST API serving multiple frontends.
- Contributed to system architecture, scalability, clean code structure and performance optimization.

PROJECTS

Siha

Healthcare cover that works with the way you earn: health insurance, savings, crowdfunding, donations and provider facilitation brought together in one platform.

SRIL Integrated Services

Corporate website for SRIL Integrated Services, a solution-driven company delivering professional services across key sectors.

AgroCast

TypeScript

Offline-first app giving smallholder farmers weather, rainfall, soil and agronomic information in low-connectivity areas.

AgroPrice

HDX API · WFP data

Pipeline built on World Food Programme market-price data and HDX APIs, tracking monthly prices of rice, maize, beans and garri across Nigerian states.

Adkhar

TypeScript

A calm Islamic companion for daily adhkar, Quran reading, prayer times, Hijri dates and reminders. Available as a web app and a mobile app.

Quebec (hackathon)**React · TypeScript · Tailwind CSS · Node.js · Express · Solidity · MongoDB**

A hackathon submission tackling KYC: a business confirms a single fact about a customer, such as their age, name or verified identity, without ever seeing the record behind it. Enrol in three fields, share one reference, get a signed yes or no.

Play with Kwara Youth**React · TypeScript · Tailwind CSS · Node.js · Express · PostgreSQL**

A community initiative around sport for young people in Kwara. I built and shipped the web app.

Purple**React · TypeScript · Tailwind CSS · Node.js · Express.js · MongoDB**

Full-stack social platform with posts, comments, chat and a follow system, secured with authentication and authorization over a REST API.

Pickup

A logistics app connecting senders with riders: customers sign up to find a rider who picks up and delivers their package, and riders sign up to take on deliveries.

Campus Errand

A campus errand marketplace: a student posts the errand or package they need moved, and another student on campus picks it up. Sign up to post errands, or as a rider to earn from pickups and deliveries.

EDUCATION**Bachelor of Agriculture (B.Agric), Agricultural Economics****CGPA 4.79 / 5.00**

University of Ilorin, Ilorin, Nigeria

VOLUNTEER & OTHER

- Education Committee Volunteer & Mentor, Idigba Development Association (Oct 2018 – Present)
- Member, Google Developer Groups (GDG) Campus Hub

ADDITIONAL SKILLS

- Agricultural research and data analysis (SPSS, Excel, Stata)
- Farm management and agribusiness development
- Climate-smart agriculture and extension services
- Teaching and public speaking
